PROCLAMATION

DEMING, the County Seat of Luna County, is the largest city in the county. It is on the main line of the Southern Pacific Railway's transcontinental line. The Santa Fe and El Paso & Southwestern, also serve it. Here the climate is healthful and Deming boasts of having the purest water in the world. Oil indications for close in production are good. In fact the city's many advantages tend to make it one of the best cities in the heart of the coming country—the Great Southwest—to locate either a business or a home.

Therefore: We the business men and allied interests herewith endorse Deming in the above entirety and to substantiate our endorsements offer our signatures:
